With an aim to create effective mentors, an orientation programmes are organized for faculty members. With an objective to:

- O To create an awareness about Indian culture, its continuity and diversity.
- O To develop methodologies for incorporating cultural components in classroom teaching to make teaching learning a total experience.
- O To provide an opportunity to interact with scholars, artists, educationists for positive attitudinal changes towards innovative teaching.
- O To provide skills and training in creative expressions by integrating arts in education.

It helps the faculty members to become acquainted with the new atmosphere so that they will be able to impart knowledge and quality education to students.

Faculty Development Programme scheme is designed to enhance the teaching and other skills of the faculty. And to make them aware about modern teaching tools and methodologies. It provides an opportunity to acquire knowledge about current technological developments in relevant fields. It will not only promote the professional practices relevant to technical education but also motivates the faculty to achieve competitive teaching and learning environment, thus channelizing development with respect to academic qualifications and personal matters.
