1.4 Details of actions taken based on Objectives and Functions of CIQA:

Sr No	Function	Action taken by HEI
1	Maintenance of Quality in the services provided to the learners	Prepare a Programme Project Report for each programme according to the norms and guidelines proscribed by the UGC regulation and wherever necessary by the appropriate regulatory authority having control over the programme,. Get the programme project Report approved by the CIQA and then he appropriate authority of the CVRU and UGC/DEB before launch of the programme. Oversee the development of Study Learning Material (SLM), integration of Information and Communication and Communication Technology (ICT), setting up of Learning Centres /Study Centres and coordination with the Regional Centres and relevant Regulatory authorities.
2	Continuous improvement	Put in Place monitoring mechanism to ensure the proper implementation of Programme Project Reports, Design annual Year Plans for quality level enhancement at the level of the IODE-CVRU and ensure their implementation.
3	Identification of the key areas in which the HEI should maintain quality	Arrange for feedback responses from students, employer's and other stakeholders for quality related institutional processes, Develop quality benchmarks for the various academic and administrative activities of the IODE-CVRU, Obtain information from other Higher Educational institutions on various quality benchmarks of parameters and best practices, Organise workshops or seminars on quality related themes and Higher Educational Institution wise dissemination of the proceedings of such activities.
4	Dissemination of information on quality assurance	Develop and implement innovative practices in major areas leading to quality enhancement in services to the learners, Create learner centric environment rather than institution centric environment, for the information circulation to provide the information to all the stake holders we sharing the information for quality assurance with the help of helpdesk and Student support division.
5	Mechanisms for interaction and obtaining feedback	Oversee and report on the effectiveness of systems for self evaluation and monitoring. We generate the feedback form, issued it to all stake holders. IODE-CVRU approved the online feedback system through portal.
6	Measures for qualitative improvement	Appoint external subject experts or agencies of organisation for validation and annual review of its in-house process, its learner support Centres/Study Centres, Open and Distance Learning Mode Programmes etc.

7	Ensuring Implementation of its recommendations through regular monitoring	We adopt measures to ensure internalization and institutionalization of quality enhancement practices through periodic accreditation and audit.
8	Ensuring Participation of stakeholders	Approval of Self-Appraisal Report to be submitted to the Assessment and Accreditation agencies on behalf of IODE-CVRU.
9	Preparation of Programme Project Report and Information regarding any new programmes launched	For any new programmes launched we prepare a Programme Project Report for each programme according to the norms and guidelines prescribed by the UGC regulation and wherever necessary by the appropriate regulatory authority having control over the programmes.
10	Collection, collation and dissemination of accurate, complete and reliable statistics about the quality of the programmes	Record activities undertaken on quality assurance in the form of an annual report, and to coordinate and accreditation of IODE - CVRU. Submit Annual Reports to its Statutory Authorities of Bodies about the activities undertaken by centre for Internal Quality Assurance.

GUIDELINES ON LEARNER SUPPORT CENTRE According to the OLD regulation 2017, to establish the LSCs, the CVRU-IODE sent the letters to the various colleges of the state to invite respective proposals, but due to the expanded Geographical area of the regions of the state, no proper responses were yet obtained and thus the University published the requirement in the Print Media to establish the LSC's. hence a huge number of the applications and proposals were received thereby after the step as per the ODL regulation guidelines, as per the guideline of ODL regulations to establish the LSC's caping in views the suitable provisions and requirement of the CVRU-IODE identify 89 LSC's across the state followed by the procedures laid down in the agreement terms for providing support of the learners and house, thereafter approved by the statutory authority of the University and CIQA.

Part - 10: Compliance status of 'Guidelines on Learner Support Centre' – As per Annexure - X of UGC(ODL) Regulations, 2017:

HEI shall mention the mechanism put into place along with brief details of grievances received and actions taken thereof. Also mention that how the learners have been made aware about this mechanism.

Most of the distance learners/students reside in villages where the network coverage and postal communication is not reliable and thus they have the grievance of delay to receive the study materials and similarly the University also faces the problem for lack of coordination among students and communication gap and also fails to receive the marksheets/Score cards suitably within time. Therefore, the following types of grievances are received. ? Delay to receive the Study Materials/learning Materials ? Lack of Student Coordination and Communication Gap ? Delay to receive the Final Marksheets/Score Cards ? Lack of Availability of Study Materials in dual language(Hindi/English) ? Lack of student services through learner support System. ACTION TAKEN: ? Delay to receive the Study Materials/learning Materials: As soon as the learner takes admission, the CVRU-IODE generates log-in password for the learners and sends them the respective Study materials instantly to avoid delayed receiving of the same. Also, the Learning Management System (LMS) of the University-IODE makes the study materials available in the Institutional website which can be further accessed by the learners/students easily. ? Lack of Student Coordination and Communication Gap: The University has arranged a proper full-time active help-desk for all its learners and trained all the non-academic respective contact persons of learners to fetch the proper information and instant communication to reduce lack of coordination and communication gap. ? Delay to receive the Final Marksheets/ScoreCards: CVRU-IODE is strictly monitoring the Postal departments to restrict the Postal delays regarding the Marksheets/Score cards. ? Lack of Availability of Study Materials in dual language(Hindi/English) CVRU-IODE has directed the subject and Course material experts to prepare the course materials in both the languages and placed the matter in the BOM meeting agenda for the suitable approval. Also, CVRU-IODE has requested the esteemed organizations such as IGNOU and MGIOU (Mahatma Gandhi International Open University) to seek the Course Materials/Study materials for both in English as well as in Hindi Languages. ? Lack of student services through learner support System. CVRU-IODE gives students services through the learner support model which offers study tips, test-taking tips and external instructional resources such as tutoring and thus students could learn self-development strategies so that they can accept responsibility for developing their own skills and study successfully as distance students/learners.

Part - 13: Innovation and Best Practices

i) Innovation introduced during academic year

1.Enrichment of Program Guide for ODL learners: at IODE-CVRU program guide are m,ore effective for further learners benefit. and following points are added i.e. reference book, details, instructions for submitting assignments, date schedule for submitting assignments and guideline for preparation of project report. 2.Online Assessment: The process for assessment in Computer based Diploma/ PG diploma/ Certificate programs for learners are online in IODE-CVRU. 3.Formation of Learner-centric group (WhatsAPP/Email-ID repository) for all the approved ODL programmes at an individual manner: To Solve any kind of academic issues, students knowledge base question, assignment related information or questions or any issues related to e-learning materials, SLM etc, CVRU-IODE has framed small subject-based group for all programmes and makes a sketch of the different element of the ODL model to the specific subject area. Than explains what the function of the elements is in the process, further makes a plan for the tutoring and assessment process and follows the following pathway of (TCK+TPK+PCK – TPCK. 4.Ensuring quality content delivery: by making accessible academic and technical advisers who can assist students throughout the duration of the program. 5.Review and improve the program by including all relevant stakeholders: such as area businesses and professional associations—in discussions about course and program content and design. 6.Desktop Videoconferencing and Internet Videoconferencing: For students and learners who are equipped with computers, desktop video conferencing and internet video conferencing is possible. Equipment needed by the instructor is limited to a computer, computer camera, and microphone. This form of video conferencing is less expensive than satellite and microwave, though the quality is usually lower and a high-speed internet connection is essential for effective use. One of the well-known example of videoconferencing software at CVRU is skype. 7. Short videos have been created by the IODE-CVRU as a guide for the learners. Learner friendly videos are made in very simple language to get the assignment program, guides and other guidelines, admission procedure, information related to grievance cell from the website.

ii) Give Best Practices of Institution

1. In order to ensure participation in social development under the guidelines given by the UGC and to discharge its responsibility towards the environment, the students of University and its LSCs are contributed in a program of "One Student One Tree" by planting a tree. 2. In addition for contact classes of distance education students, to resolve their problem related to the subject, there was organised 2 hr special session on Wednesday and Saturday, under which the subject matter experts of the related subject solve the problem. 3. In order to make aware to the students of distance education about information technology and to upgrade their skills, the university is constantly organising webinar, seminar and conferences. In view of current situation of Covid-19, for the assignments, exams, contact classes, etc, IODE-CVRU using the ICT tools such as Google class room, Google Meet, LMS etc. 4. For the disable person the facility provided by IODE-CVRU is that the infrastructure and services for them are expanded from which they are not facing any kind of problem during attending the contact classes and examination. 5. In addition to the grievance redressal cell, complaints boxes have been placed in the University and its study center in various places for redressal of grievances of distance education students and teachers and other employees, in which the students and other employees without giving their identity can be put every week on Saturday, an effort is made to resolve the related problems by opening the complaint box. 6. In order to encourage creativity and writing skill among the learners, publication of selected articles is also done in the journals and magazine issued by the university. 7. In order to

make mentally and physically healthy to learners, the university conducts yoga training program under which expert yoga is provided by the instructors. 8. Student has been given the facility to access free online Library. 9. Special classes are organised for learners by the training placement cell of university for the purpose of qualifying the job interview.

iii) Any other Information

Online Collaboration: Internet Chat and Conferencing at CVRU-ODL Though email is asynschronous, there are synchronous computer technologies that can be utilized for distance education courses at CVRU IODE ODL mode. These include online chat, shared white boards, and videoconferences. Online chat, also called instant messaging, can be between two people, for example instructor and student, or numerous people via a chat room. As each person types and enters a message the information is transmitted instantaneously to other individuals included in the chat session. Instant messaging allows for real-time communication. Instructors can utilize this technology to establish virtual office hours when they will be available to answer student questions or engage subjects in an online course discussion. Since chat is an internet-based technology students and instructors need not be concerned with phone charges for this form of communication. Chats are useful at CVRU for communicating across large distances with students that have internet access.

Part - 14: Plan of Institution for next year
